

THAW CAUGHT NEAR COLEBROOKE, N. H., AFTER UNEXPECTED DEPORTATION

**'SLEEPS ON AMERICAN SOIL, BARRICADED IN HOTEL ROOM
AFTER ONE OF MOST EXCITING DAYS IN HIS CAREER**

Prisoner Aroused from Cot, Is Placed in Automobile and Deposited Across Border Into Vermont--During Three Hours of Freedom Fugitive Drives Madly Through Hills Of Vermont and New Hampshire--Application for Habeas Corpus Writ to Be Heard This Morning.

COLEBROOK, N. H., Sept. 10.—Harry K. Thaw, fugitive from Matteawan, slept on American soil tonight, after one of the most exciting days in his career.

Thrust unexpectedly over the Canadian border early today, despite the writ of habeas corpus demanding his production before the king's bench in Montreal next Monday, he was for three hours a free man and during that time drove madly in an automobile for fifty miles through the hills of Vermont and New Hampshire. Near noon he ran into the arms of a New Hampshire sheriff and was brought to Colebrook, where he retained counsel to resist extradition.

Jerome to Take Charge.

William Travers Jerome, rushing hither on a special train, will assume charge of the case for New York state tomorrow, seeking to have Thaw, as ward of the state, returned to Matteawan. Meantime Thaw is "detained" charged with no crime, held on no warrant. Fearing kidnapping at the hands of officers from New York he asked for a special guard and Chief of Police Kelly swore in twelve special deputies, all armed. They were patrolling the streets about Thaw's hotel tonight.

At 9:30 tomorrow morning Judge R. N. Chamberlain, of the superior court, will hear the application of Thaw's lawyers for a writ of habeas corpus. Application for the writ was first made this afternoon, but the judge being occupied with another case, said he could not then consider it. The fugitive has telegraphed lawyers far and near and proposes to fight the return to Matteawan to the bitter end. He is afraid of Jerome, however, and when he heard that his former prosecutor was coming, asked for the special guards.

McInnes Denounces Deportation.

L. J. Vorhaus, of New York city, who is said, will conduct the battle against extradition, arrived tonight from Fabyans, N. H. T. R. E. McInnes, of Ottawa, one of the framers of the Canadian immigration laws, under which Thaw was so unceremoniously deported, also is here. He had arrived at Coaticook, Que., today to consult with Coaticook as counsel only to learn his client was gone. He denounced the deportation as contempt of court and said that proceedings had been instituted to punish those who participated in Thaw's removal.

Thaw himself issued this statement tonight: "What occurred under the English flag this morning is something I can't discuss, because it will be up to Canadians to do what is right. Now I have come to New Hampshire, but only on my difficult way home to Pennsylvania. There is no honest legal charge against me and we trust New Hampshire won't accept any subterfuge from a few citizens of New Hampshire who won't be bluffed will write the governor."

The circumstances of Thaw's journey were curiously moulded. Within a few minutes after Thaw had been hurried from Coaticook, toward the Vermont border by the Canadian immigration authorities, the Associated Press representative, accompanied by a representative of the Montreal Star followed in another automobile. The immigration officers' car was soon overtaken and when Thaw was set free the two newspaper men were his only companions. Thaw asked to ride in the Associated Press car. The request was granted and Thaw was permitted to dictate the route to be traveled. The Montreal newspaper man left the party at West Stewartstown, N. H.

Thaw's indignation at the action of the Canadian authorities in deporting him while the habeas corpus proceedings were pending was manifested throughout his trip.

Matter of Extradition Uncertain.

The matter of Thaw's extradition from New Hampshire was uncertain tonight. His lawyers contended that there must first be produced a requisition warrant from the governor of New York. James B. Tuttle, attorney general of New Hampshire, is on the scene and he will doubtless make a report on the case to the governor.

Jerome, on his two car special, arrived here from Greenfield, Mass., at 11:05 o'clock tonight. He was accompanied by Deputy Franklin Kennedy. Crowds poured in Colebrook tonight as if there was a circus in town. Hotel corridors were crowded. Thaw sent out more than fifty telegrams. Among others he has requested to come here is ex-Governor Stone of Pennsylvania.

As a matter of form Thaw was ar-

rested in his room shortly after 11 o'clock on a complaint sworn to by Justice Morschauser. Officials in Dutchess county, New York, have issued a blanket warrant charging Thaw and those who assisted him in his escape from Matteawan with conspiracy.

Thaw probably will be arraigned tomorrow before a police magistrate on the conspiracy complaint. The ordinary procedure would be to remand him for several days pending a request from New York on Governor Samuel D. Felker for Thaw's extradition.

Before the governor acts on this he will, if precedent is followed, call for the attorney general's report. Jerome, on his arrival, went into immediate consultation with Bernard Jacobs, legal advisor to Sheriff Drew.

"I do not know what the next step will be," Jerome said, "I am busy tonight learning just what has happened. This came as a complete surprise to me. Let me sleep on it and perhaps I can say more tomorrow."

Harris Glass at Office.

Thaw's ejection from Canada began with the breaking of a window pane. Aroused from his cot in the immigration detention room at Coaticook and told he was to be taken across the border at once, he flew into a rage, picked up a heavy glass tumbler and with all his might hurled it at the head of the nearest immigration officer. The official dodged and the tumbler crashed through a window and was smashed on the station platform below.

Five minutes later Thaw was half carried, half dragged down the stairs, forced into a waiting automobile, wedged between two dominion police and whirled toward Norton Mills, Vermont, nine miles from New York. He protested throughout the entire trip but his guards ignored him. At 8:55 he was whisked past the gray stone slab marking the boundary and like a rabbit being released was set gently down on a bit of open ground. He whimpered in bewilderment. He looked north, south, east and west as if trying to decide which way to go. Half a dozen idlers stepped toward him timidly, but none tried to lay hands on him.

Thaw bewildered. For perhaps half a minute Thaw stood there, his hat pulled over his eyes, his hair awry, his face unshaven, his clothes rumpled. Then as there was nothing else to do, he climbed into the automobile of a newspaper correspondent and asked to be driven away.

"Take me to the New Hampshire line," he implored. "Jerome has got the attorney general of Vermont fixed. In New Hampshire I believe I would have a fighting chance against extradition. Maybe we can reach a railroad some where and I can buy a through ticket to Detroit." Talking incoherently of Detroit, his lawyers, his mother and the writs of habeas corpus, he was driven east over a winding road, a stone's throw from the boundary. At Averhill, Vermont, five miles on, the car stopped at a small summer hotel. Thaw had not breakfasted. He ordered bread and milk and gulped it down while he tried to get Montreal over the long distance telephone to inform his Canadian counsel and his mother of his predicament.

Drives Back Into Canada.

But wires were bad and Thaw was excited and he could make no connection. He strode out on the porch only to learn that the chauffeur of the car had deserted. This man was Thomas Trihey, a substantial business man of Coaticook and he had volunteered to assist the newspaper men but had not counted on aiding Thaw. Besides, he had not reported his car on crossing the boundary, as required by the customs regulations and was afraid of the consequences. Reluctantly he turned back, leaving Thaw fuming on the porch of the little hotel, and then came Frank Cantin driving a small four seated car and ready to travel any where for money. "Sure I will drive you to hell and back," he assured the fugitive.

Thaw got in and so did the newspaper correspondents. Thaw clung tightly to a box of cigars, all the baggage he carried.

The little car lurched away. Cantin evidently thought it was a race for life. Thaw tried to appear calm. His hat was swept off, dust blinded his eyes. The little car took the Vermont hills like a squirrel.

"Never mind my hat," shouted the fugitive. "But hold on there, driver; we don't want to break our necks."

Cantin pulled his car down to twenty miles. A farm wagon hove in sight. Thaw seemed frightened for a moment; then he settled back and tried to smoke. He could not

ZAMACONA REMAINS IN SECLUSION AT CAPITAL

**MAINTAINS THAT HE HAS COME ON
'PRIVATE BUSINESS'**

It is understood that Envoy Prepared to Be in New York Today to See About Prospect of a Loan to Huerta Government—Wilson Prepares for Vacation.

BULLETIN.
MEXICO CITY, Mexico, Sept. 11.—Report that Venustiano Carranza, governor of Coahuila and former Provisional Minister of War had sent an emissary to President Huerta during last night suggesting himself as a candidate for the presidency was current in the capital today. It is not known what success the emissary's proposals met.

WASHINGTON, Sept. 10.—Senator Manuel De Zamacona, former Mexican ambassador to the United States, who is supposed to be charged with the task of re-opening the negotiations between the United States and the Huerta administration for peaceful solution of the troubles in Mexico, remained in seclusion tonight with Senator Algren, charge d'affaires of the Mexican embassy. Zamacona did not reveal the character of his mission. He maintained that he had come to the United States on "private business."

It is understood that Senator Zamacona was in communication tonight with the Mexican City administration and prepared to be in New York tomorrow to talk with American bankers about the prospect of a loan of the Huerta government.

At the white house it was stated that no word had been received directly or indirectly from Senator Zamacona. President Wilson, in fact, is planning to leave here tomorrow afternoon for Cornish, N. H., the summer capital for a week's vacation. During that time, it is believed, Zamacona's status will be made clear.

Taxes Enemies of "Cause."

State department officials were puzzled today to interpret the latest decree of Constitutional Governor Maytorena, of Sonora, as affecting Americans. Consul Dye, at Nogales, reported that Governor Maytorena had ordered an additional tax to be levied as a forced war subsidy on all capital invested in Sonora belonging to persons or corporations known to be enemies of the cause of the constitutionalists. The governor also has prohibited the acquisition of property other than mining properties by foreigners and has forbidden the sale of domestic products, in excess of \$250 in value without his special consent.

The consul's report said the sonora legislative continues to have trouble in getting his fiat money accepted and has again decreed that it must be received as legal tender by merchants and business men under penalty of imprisonment.

While officials here are somewhat apprehensive of the so-called tax on enemies of the "cause" may war hardship on Americans, it was doubted that anybody would suffer from the alien property order.

Urges Prevention of Demonstrations.

Mexico City, Sept. 10.—Because of representations by the American charge d'affaires, Nelson O'Shaughnessy, to the Mexican foreign office as a preventative measure, and in line with the recent declaration from Washington that Mexican authorities would be held responsible for any injury done to Americans, telegrams of urgent rates and demanding acknowledgment were sent today "by order of the president" to all governors to prevent, by all means in their power, demonstrations of any sort against foreigners on the occasion of the celebration of Independence day, September 16.

ROYAL AND SELECT MASTERS OF ILLINOIS ELECT OFFICERS

Joseph Schott of Lincoln is Chosen Grand Master—Harry L. Smith of Springfield Deputy.

Decatur, Ill., Sept. 10.—In the 61st annual assembly of the Grand Council of Royal and Select Masters of Illinois were today the following officers were elected:

Grand Master, Joseph Schott, Lincoln; Deputy Grand Master, Harry L. Smith, Springfield; Grand Principal Conductor, F. W. Krenzel, Chicago; Grand Recorder, George W. Warville, Chicago; Grand Chaplain, Henry R. Hopkins, Chicago; Captain of the Guard, Julius L. Klemme, Quincy; Grand Conductor, Rawson Bennett, Chicago; Grand Marshall, E. W. Eggman, East St. Louis; Grand Steward, J. C. Pirkey, Streator; Grand Sentinel, C. W. Leverenz, Chicago.

ONE KILLED AND FIVE INJURED BY EXPLOSION ON TORPEDO BOAT

Explosion Occurs on U. S. Torpedo Boat Craven—No Details of Accident Given.

Savannah, Ga., Sept. 10.—One man was killed and five injured by an explosion today on the United States torpedo boat Craven at sea. The Craven reached Port Chelven, Tybee island, late today in tow of the tug Cynthia. The dead and wounded were removed to the Fort Scriven hospital. The revenue cutter Yamahiro went to Tybee island to tow the disabled vessel to Savannah. The Craven left Charleston, S. C., for this port early today. Details of the accident have not yet been secured.

DEBATE ON CURRENCY BEGINS IN HOUSE

**General Discussion Will Continue
Throughout Day and Night Sessions
Until Saturday Evening**

MURDOCK ATTACKS MEASURE

**Declares Bill Has Changed Some of the
Methods by Which Predatory Powers
Prey Upon the People**

STATES IT IS NOT REMEDIAL

WASHINGTON, Sept. 10.—Oratorical display attending the American currency bill through the house began today with a series of speeches for and against the measure. The general discussion will continue throughout day and night sessions of the house until next Saturday evening. Next week the bill will be taken up in detail.

Chairman Glass of the banking and currency committee, father of the bill, Representative Hayes of California, republican ranking member of the committee, and Representative Murdock of Kansas, Progressive floor leader, opened the debate for their respective parties. Chairman Glass presented the bill as a positive cure for the financial ills of the country. Representative Hayes admitted the value of some of the bill's provisions and Representative Murdock criticized the measure as "halfhearted, timid, half way, compromising."

"It intends to be remedial and is not," he declared, "to a nation crying for relief, it offers not a remedy, but a palliative. It prescribes cocaine, not a cure. It has changed some of the formulas by which the predatory powers prey upon the people, but it has not challenged directly the malignant methods which put these powers beyond the reach of all effort to bring elasticity to the currency. The Glass bill invites endorsement. But even if it brings elasticity its enactment will not quiet the public demand for correction of the real source of the trouble—Wall street."

The greater part of today's Republican opposition to the bill, verified by Representative Hayes and Representative Dyer of Missouri, was based upon the provisions of the measure requiring that national banks subscribe 20 per cent of their capital stock and 5 per cent of their deposits as a fund to capitalize the federal reserve banks. The return on this investment—5 per cent under the bill—the Republicans declare, was not sufficient profit to induce the banks to enter the system. The board powers of the federal reserve board and its "parian political complexion" were also criticized.

At the night session, Representative Mondell of Wyoming (Republican) declared that the Glass bill, in many respects "borrowed the ideas and largely the phraseology of the Aldrich plan." He attacked the methods employed by the Democrats in framing the bill, with a veiled reference to the activities of President Wilson.

The bill was attacked as "unworkable" by Representative Madden of Illinois (Republican), who declared that the "bankers of the country should be allowed representation on the federal reserve board."

SETTLE LABOR DIFFICULTIES AFTER FIVE MONTHS WRANGLING

**St. Louis Tile Layers Union Agrees
to Be Held Responsible for the
Efficiency of Its Members' Work.**

St. Louis, Sept. 10.—After five months wrangling and strike threatening the labor difficulties of local tile layers and their helpers were settled here tonight. Identically for the first time in the history of local labor organizations a union has agreed to be held responsible for the efficiency of its members' work.

The agreement signed tonight by the employees increases the pay of tile layers from \$5 to \$5.50 a day and of their helpers from \$2.75 to \$3 a day. In return the union agrees to replace at its own expense any inefficient work done by its members.

Both sides also agreed hereafter to submit all labor differences to arbitration and the tile layers promised not to walk out at any time before their grievances have first been considered by the arbitration committee.

COL. PLAYFORD NOMINATED.

Zanesville, Ohio, Sept. 10.—Col. George H. Playford of Zanesville, Ohio, will be the next national commander of the Union Veteran Legion as he was nominated for that office by the annual convention of the legion in session here today and has no opposition. The election of officers will be held tomorrow.

REFUSES TO RESIGN; IS FIRED.

Washington, Sept. 10.—Collector of Customs Pendleton at Los Angeles, Calif., was dismissed today by Secretary McAdoo because he refused to resign. John B. Elliott of Los Angeles will be nominated to succeed him. Pendleton claimed he had been appointed for a definite term which he should be permitted to serve.

PREDICT CENTURY OF PEACE WILL CONTINUE

**BANQUET CLOSES ANNIVERSARY
CELEBRATION OF LAKE ERIE BATTLE**

Speakers Eulogize Perry and Barclay—Governor Dunne Among Speakers—Toastsman Reads Letter From President.

Cedar Point, Ohio, Sept. 10.—Hands were clasped in oratory across the lines in the United States and Canada and a continuation of the century of peace that has elapsed since the signing of the treaty of Ghent, was predicted here tonight by speakers at the banquet which brought today's celebration of the one hundredth anniversary of the battle of Lake Erie to a close.

Former President Taft for the United States and Dr. John A. Macdonald of Toronto, Ontario, for Great Britain, were the principal speakers. Each eulogized Commodore Perry and Barclay and their respective commands.

Each one of the 800 places at the banquet tables was occupied by a man or woman prominent in the affairs of one or several states, if not the nation or the world. The speakers included Governor Dunne of Illinois, Ralston of Indiana, and Potter of Rhode Island.

Governor Dunne said in part: "At the celebration of this victory with its tremendous consequence to the American people we can also appropriately and properly celebrate the centennial of final peace between this country and Great Britain."

"We trust that we have seen the last of the wars between these two great, powerful and intelligent nations. We believe and hope that the era of war has passed, not only between these great nations, but between all the great civilized nations of the earth."

"The day of peace and arbitration is here; the day of peace and arbitration, not only between these great nations, but between all nations and America."

With former President Taft's speech, "The measure of a nation's true success," the banquet program was concluded.

John H. Clark of Cleveland, who acted as toastmaster, read a letter received from President Wilson, expressing regret over his inability to join those assembled at the banquet in expressing not only their admiration for the gallant men who won one of the most notable victories of the war of 1812, but also the spirit of patriotism and enduring loyalty sustained all such men and which breathes in our own generation no less ardently than in theirs."

TWO KILLED WHEN WIND WRENCHES ZEPPELIN DIRIGIBLE BALLOON FREE

**Four Soldiers Become Entangled in
Ropes and Two Fall 500 Feet—
Dirigible Finally Brought to
Earth Safely.**

Leipzig, Saxony, Sept. 10.—Two soldiers were killed and another Zepplin dirigible narrowly escaped destruction here today when the great military German airship Z. 5 was wrenched free from the hands of 150 men and carried aloft by a sudden gust of wind. The Z. 5 had just returned from the German imperial army maneuvers in Silesia and an attempt was being made to get the vessel into the balloon hall when a sharp gust of wind suddenly dragged the airship from the hands of the soldiers holding her ropes. The motors were started barely in time to prevent disaster.

Four soldiers who became entangled in the lines were carried up. One man extricated himself and another was hauled into the gondola. The other men fell to the ground from a height of 500 feet and were instantly killed. The dirigible was eventually brought to earth and safely housed.

BISHOP M'DOWELL OPENS SHELBYVILLE METHODIST MEETING

**More Than Four Hundred Ministers
Are In Attendance—Dr. Peck Re-
elected Secretary.**

Shelbyville, Ill., Sept. 10.—Bishop William F. McDowell of Chicago opened the Illinois conference of the Methodist Episcopal church here this morning with more than 400 ministers and 200 laymen present. Dr. A. Peck of Carlinville secretary of conference since 1906 was re-elected. Announcement was made that with 33 requests in the last conference year including 165 acres of land valued at \$225 an acre, the preachers' aid fund now had holdings amounting to \$150,000.

This is the third time that the conference has convened in Shelbyville.

PERFECT FOR SETTLEMENT.

Calumet, Mich., Sept. 10.—There was a prospect tonight for a settlement of the copper strike, now entering on its eighth week. Tomorrow Claude O. Taylor of Grand Rapids, president of the Michigan Federation of Labor, will seek an interview with General Manager James MacNaughton of the Calumet and Hecla Mining company, reporting the operators and lay before him a plan of arbitration for a settlement which includes the elimination of the western federation of miners the recognition of which is the chief issue in the strike.

DR. ANDREWS SPEAKS BEFORE HEALTH BODY

**DECLARES \$200,000,000 CAN BE PRE-
VENTED BY IMPROVED SANITATION**

Dr. L. H. Harris of St. Louis Re-asserts That Hydrophobia Is Curable by Use of Quinine—"Industrial Lead Poisoning" Discussed.

COLORADO SPRINGS, Colo., Sept. 10.—A money loss of \$200,000,000 yearly from disease can be prevented by improved sanitation and proper legislative action, according to Dr. John B. Andrews, of New York, secretary of the American Society for Labor Legislation, in an address before the American Public Health Association here today. Dr. Andrews spoke on "Occupations and diseases and legislative remedies."

Dr. Alice Hamilton of Hull House, Chicago, discussed "Industrial Lead Poisoning."

That hydrophobia is curable by the use of quinine was re-asserted by Dr. L. D. Harris, of St. Louis in his address. Dr. Harris submitted the results of a treatment of the rabies with quinine in accordance with the theory of Dr. Virgil H. Moon, recently announced and gave as his opinion from exhaustive research that medical science within a short time will have been entirely revolutionized with respect to treating this malady. He told of administering extravenous injections of quinine to a patient a short time ago and said that within a week the patient was discharged from his care.

Dr. C. E. Terry, health officer of Jacksonville, Fla., in a paper on "Drug habits and their bearing on the public health and welfare," laid the blame for drug fiends on physicians. He stated that fifty per cent of drug fiends become so through using drugs prescribed during illness and declared that physicians are more dangerous than druggists in this respect.

SENATE CONFIRMS FOX AS POSTMASTER OF SACRAMENTO

**Result Comes at Conclusion of One
of the Most Stubborn Contests
Over a Confirmation of Wilson
Administration.**

Washington, Sept. 10.—At the conclusion of the most stubbornly contested and spectacular contests over the confirmation during the present administration, Thomas Fox was tonight confirmed by the senate as postmaster at Sacramento, Calif. The vote stood 37 to 11.

The fight against the confirmation was inaugurated before the post-office committee of the senate by Rudolph Spreckles of California, who charged that Mr. Fox was a political "boss," drawing his strength from the red light and liquor interests of Sacramento and was the tool of the Southern Pacific. Secretary Lane and Commissioner General Caminetti of the immigration bureau, both from California, supported Mr. Fox.

When the post office committee reported in favor of confirmation Senator La Follette took up the fight on the floor of the senate. Senator Works returned to Washington, largely to oppose the nomination. About a half dozen Democrats and several Republicans gave their support to the opposition.

The opposing forces had agreed to fight out the contest today. For six hours they debated the question in legislative session. At the hour for voting a quorum was not present. The sergeant at arms was sent out and after ten minutes succeeded in bringing in enough senators from their homes and the theaters to make the quorum.

SPARKS FROM THE WIRE

CHICAGO, Sept. 10.—Charles G. Gates, son of the late financier, John W. Gates, passed through Chicago tonight on a special train from Minneapolis to New York. Gates' secretary declined to give any reason for the special train.

WASHINGTON, Sept. 10.—President Wilson will witness the target practice of the Atlantic fleet on the southern drill grounds as a guest of Secretary Daniels on October 18.

SACRAMENTO, Cal., Sept. 10.—The state adjutant general's office which for several months has been investigating the reports of numerous armed Japanese military organizations in California announced today that it had found no evidence that state or federal laws had been violated.

WASHINGTON, Sept. 10.—The commission on industrial relations was confirmed today by the senate. It had been held up for weeks because of an attack upon President Wilson's appointment of Mrs. J. Borden Harriman as one of the commissioners.

ST. LOUIS, Sept. 10.—A proposition to pay death benefits to the families of members of the American Brotherhood of Cement Workers was introduced today at the tenth annual convention of that body here.

WASHINGTON, Sept. 10.—President Wilson today nominated Patrick H. Tiernan to be postmaster at Macomb, Ill.

GOMPERS TESTIFIES BEFORE LOBBY BODY

**Aims and Purposes of American
Federation of Labor Given in
Detail by Its President**

FRANKLY TELLS OF WORK

**Declares Efforts to Influence Congress
Toward Enactment of Laws Favorable to
Workers Were Always Opposed by N.A.M.**

EXPLAINS FIGHT FOR EIGHT HOUR DAY

WASHINGTON, Sept. 10.—Samuel Gompers, president of the American Federation of Labor, appeared late today as a witness before the house lobby investigating committee beginning an inquiry into organized labor efforts to influence legislation by congress.

Mr. Gompers gave the committee a detailed statement of the aims and purposes of the American Federation of Labor. Frankly told of its efforts through a legislative committee to influence congress toward the enactment of legislation favorable to the workers and declared that in this effort opposition of the National Association of Manufacturers always had been encountered.

"The only evidence that I and my colleagues ever have had as to the existence of the National Association of Manufacturers," he added, "was vindictive antagonism to everything we advocated, no matter how humane."

At the outset of his testimony Mr. Gompers was asked to state the aims of the American Federation of Labor. "It aims," he said, "to relieve the working people from burdensome long hours of toil, protect them in their work, protect their lives and health, improve their material, moral, social and political standing; to bring about a better condition for the toilers of country as a reward for services they render to society."

Tracing the history of legislation for the benefit of labor, Mr. Gompers claimed credit on behalf of the Federation for the work of legislative committees in Washington and in many states of the union asserting that all labor legislation was constantly being urged upon legislative bodies through argument by representatives of the working people.

The witness said the American Manufacturers association did not become anti-union or an anti-labor organization until Mr. D. M. Parry's attack upon organized labor at the convention of the association at New Orleans in 1903. At a night session Mr. Gompers was asked if he and the American Federation of Labor had ever opposed the election of any one to congress. He said that they had and that the first opposition was directed in 1906 against Charles E. Littlefield of Maine. He added that he found, when he went to Maine, that Martin M. Mulhall and other agents of the National Association of Manufacturers had preceded him. Answering a question Gompers said Mulhall was engaged in coralling voters and getting them intoxicated.

Gompers said the income of the Federation in 1912 was \$207,000, the per capita contributed being 9 cents from a membership of more than 2,900,000. He said the Federation spent \$8,147 in political work in the campaign of 1906 and \$8,469 in that of 1908. Much of this money went for speakers and for postage used in the distribution of campaign literature.

In 1908, the witness said, the Federation campaigned in eleven states that he had any probably worked in more, employing about 25 speakers and holding many mass meetings.

Mr. Gompers gave a long explanation of labor's fight for an eight hour day on government work.

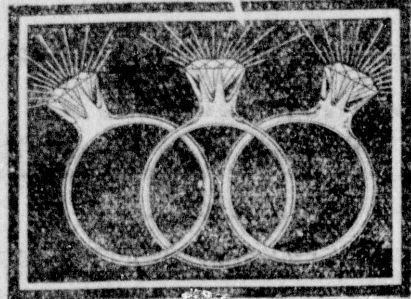

"Do you think it light that the law shall provide that a man shall not contract for more than eight hours a day service?" asked Chairman Garrett.

"I think," the witness replied, "when a citizen is so regardless of his own rights and welfare that he does not look out for himself it is time for the government to intercede and protect his life. When men work more than eight hours they do so at the expense of their fellows."

Washington, Sept. 10.—For Illinois: Showers Thursday; Friday fair; moderate variable winds, becoming northwest.

SOCIAL REFORM AND CHRISTIAN EDUCATION

MISSIONARY CONVENTION CONSIDERS MODERN CHURCH PROBLEMS.

Lectures by Men of Note, Eureka College Banquet and Demonstration of S. S. Promotion Day Features of Program Wednesday—1914 Convention in Decatur.

The duties of the church toward the rural community and toward social reform and the function of the Christian college in training up efficient laborers in the work of the church were among the topics which occupied the time Wednesday of the second full day's session of the Illinois Christian Missionary Society. The forenoon bible school conferences under the supervision of the state superintendent, C. L. DePew, continued with unabated interest. The program of the afternoon was concluded by a demonstration of the use of promotion day in the Sunday school, which was said by many to have been the most beautiful and pleasing event of any I. C. M. S. convention. Another noteworthy event was the presentation at the close of the evening service of a number of useful gifts to W. E. M. Hackleman, the celebrated hymn-writer and leader of the daily song services, who had the misfortune to lose his suit case and valuable contents while in Indianapolis enroute to the convention.

Decatur has been selected as the meeting place for next year, according to a statement of W. S. Gamboe, chairman of the committee on time and place, although the official announcement of the decision will not be made until this morning. As there are in attendance 477 delegates and visitors outside the city from sixty-three counties, the convention may be said to be one of the best attended ever held in the city.

Wednesday Morning.
The Bible School conferences yesterday were very well attended and by the many questions asked showed an intense interest. These features of the convention are very pleasing. Heretofore the Bible School session has occupied one whole period of the convention but this year the interest seems to be better to have the sectional meetings before each session.

The morning devotions were conducted by George T. Smith, of Waukegan. His subject was "The Divine Nearness in Worship."

The entire morning was taken up with the reports and business of the Illinois Christian Missionary Society. J. Fred Jones, Field Secretary for the past 18 years brought his comprehensive report. The summary for the eighteen years was presented. Brother Jones goes up and down in the state of Illinois and is perhaps better known than any man in the state. His splendid record of State service is a great monument to him and the cause in Illinois. Not that any one is building monuments to him for he is only at the height of his service for the cause he holds so dear.

The office Secretary and Treasurer, W. D. Devese, gave the report of the finances in the state service. He is also one who has served the Board long and faithfully having been in the service for 12 years. The report showed far less money raised than should have been, but a fine record of service for the money spent. No missionary money is given for any purpose in Illinois where a dollar goes farther and does more than that given for State Missions.

J. P. Darst, of Peoria, Treasurer of the Student Aid and Permanent fund of the society reported the amount in the former about \$9,000 and in the latter \$37,000.

Clarence L. DePew, State Supt. of Bible Schools, made the best report in the history of the organized Missionary Bible School service. The state of Illinois is third in the amount of money raised and work done but is easily first in the efficiency of her Bible School Supt.

Miss Lucie Miner, Secretary of the Illinois Educational Association, reported the best year in the history of the college. Miss Miner is the official representation of Eureka and is helping in a very material way to make Eureka one of the best church schools in Illinois.

A. I. Zeller read the report on Brotherhood of Disciples of Christ for J. A. Barnett, State Chairman who was called to his home in Danville by sickness. Progress was reported and renewed vision for the future of the work.

During the past three years N. S. Haynes, of Decatur, has been under the employ of the State Board preparing a History of the Disciples of Christ in Illinois. He with the assistance of Z. H. Zandt, of Bloomington and Robert E. Henry of Niantic, committeemen of the Board, reported the progress of the work. It will probably be published in less than a year.

One of the saddest and yet most impressive services of the convention is the memorial service. This is under the permanent committee consisting of J. H. Smart of Decatur, N. S. Haynes of Decatur and T. T. Holton of Bloomington. Only five preachers in the state have been called by the hand of death during the past year and they were C. C. Riley, J. E. Jewett, J. I. Judy, William C. Trimble and W. I. Hampton.

Like all religious bodies the disciples are alive to the need of a better social service and the permanent committee on that subject reported through their chairman, H. H. Peters, of Paris. He presented the theme, "The Church and Rural Communities." While a paper on "The Church and Social Reform," written by O. F. Jordan, of Chicago, was read by Fred S. Nicholas. Both the address and paper were splendidly prepared and showed wide grasp of the subjects covered.

The Afternoon Service.
The afternoon devotional service was led by T. T. Holton of Bloomington, whose subject was "Practicing His Presence."

The afternoon theme for the convention was the "Educational Interests of the Brotherhood in Illinois." "The Place of the Christian College" was presented by the new president of Eureka, H. O. Pritchard. This was his first appearance before an audience in the state and the impression he made augurs well for Eureka.

The state service maintains two student assistant pastor to Stephen E. Fisher in the Great University church at Champaign. These young people, Miss Syster and Mr. Stipp, have and are doing a most needed service and reaching the students of our great State university and touching them for religious training. The work there was presented to the convention by H. H. Peters of Paris, who is chairman of the committee of the state board, having this work in charge.

"Graduate Minister Training" was the subject of Prof. C. M. Sharpe of the University of Chicago who spoke of the religious life at the Divinity house. In a very able address he told of the work to form a center for the Disciples at this great university. He said that the aim of the university was supplement the Christian college not to displace it.

The Promotion Day Exercise.
One of the most beautiful and interesting events of the whole convention took place at 3:50 o'clock in the Sunday school room when a hundred children, members of the cradle roll and the Beginners' primary and Junior departments were promoted with appropriate musical and literary exercises to the next higher grade. Regular Sunday school promotion day is the last Sunday in September, but the date at Central Christian church was changed this year on account of the convention. The exercises were in charge of Miss Lillie Faris of Cincinnati, Ohio, and the drilling was done by the superintendents of the respective departments, Mrs. Nellis Crain, Mrs. Frank Plouer, Miss Hattie Hayden and Miss Esther Carlson. The music was furnished by J. Phillip Read and Miss Lucille Allison.

The Eureka Banquet.
Two hundred eighty friends of Eureka college sat down at 5:45 to an excellently prepared menu which the ladies of Grace church had prepared with exquisite culinary skill. The new president of Eureka, H. O. Pritchard, after an appropriate word of introduction by the toastmaster, H. H. Peters of Paris, spoke of the needs both material and spiritual, of an up to date christian college.

Among the other speakers were J. H. Roshorough, who spoke of his impression of Eureka college; Lucie E. Miner, who told of the work and aim of the Illinois Educational association, and G. L. Zerby, who described the purpose and contents of the Eureka College Pegasus and told of its late three-fold increase in subscription. One of the most appreciated talks on the program was the plea for a greater vision of the possibilities of christian colleges by A. E. Cory, the leader of the Christian Church Million Dollar Missionary campaign.

The Evening Campaign.
The evening song service under the direction of W. E. M. Hackleman was up to the usual standard of the music of the 1913 convention. Besides the numbers by the choir, the audience was favored by a selection of a male quartet composed of Alexander Campbell, Roy Harney, J. L. Proffitt and C. L. Mathis.

C. M. Chilton of St. Joseph, Mo., the speaker of the evening, took his subject "Some Pressing Problems of the Disciples of Christ." Applying the results of his wide scholarship and broad experience he spoke of the particular needs of the isolated church and of the disadvantages suffered by it from lack of co-operation. In regard to missionary work he spoke of the loss of efficiency and the waste of funds through competition and overlapping of the work of various organizations. The conventions of the Christian church are not properly carried on. The partake too much of the character of mass meetings instead of representative, business like gatherings engaged in the work of the Master.

After Long Suffering

Women Are Constantly Being Restored to Health by Lydia E. Pinkham's Vegetable Compound.

"Worth mountains of gold," says one woman. Another says, "I would not give Lydia E. Pinkham's Vegetable Compound for all the other medicines for women in the world." Still another writes, "I should like to have the merits of Lydia E. Pinkham's Vegetable Compound thrown on the sky with a searchlight so that all suffering women could read and be convinced that there is a remedy for their ills."

We could fill a newspaper ten times the size of this with such quotations taken from the letters we have received from grateful women whose health has been restored and suffering banished by Lydia E. Pinkham's Vegetable Compound.

Why has Lydia E. Pinkham's Vegetable Compound accomplished such a universal success? Why has it lived and thrived and kept on doing its glorious work among the sick women of the world for more than 30 years?

Simply and surely because of its sterling worth. The reason no other medicine has ever approached its success is plainly and simply because there is no other medicine so good for women's ills.

Here are two letters that just came to the writer's desk—only two of thousands, but both tell a comforting story to every suffering woman who will read them—and be guided by them.

FROM MRS. D. H. BROWN.

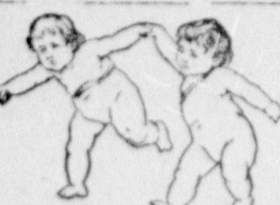

Iola, Kansas.—"During the Change of Life I was sick for two years. Before I took your medicine I could not bear the weight of my clothes and was bloated very badly. I doctored with three doctors but they did me no good. They said nature must have its way. My sister advised me to take Lydia E. Pinkham's Vegetable Compound and I purchased a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken 12 bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."—Mrs. D. H. Brown, 809 North Walnut Street, Iola, Kan.

MRS. WILLIAMS SAYS:

Elkhart, Ind.—"I suffered for 14 years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sarsaparilla. I have now used the remedies for four months and cannot express my thanks for what they have done for me."—Mrs. SAMIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

That Wonderful Event

IF THERE is a time above all times when a woman should be in perfect physical condition it is the time previous to the coming of her babe. During this period many women suffer from headache, sleeplessness, pains of various description, poor appetite, and a host of other ailments which should be eliminated in justice to the new life about to be ushered into this world.

DR. PIERCE'S FAVORITE PRESCRIPTION

is a scientific medicine carefully compounded by an experienced and skillful physician, and adapted to the needs and requirements of woman's delicate system. It has been recommended for over forty years as a remedy for those peculiar ailments which make their appearance during the expectant period. Motherhood is made easier by its use. Thousands of women have been benefited by this great medicine.

Your druggist can supply you in liquid or tablet form, or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription Tablets, to Dr. Pierce, at Invalids' Hotel and Surgical Institute, Buffalo.

It is your privilege to write to Dr. Pierce for advice, and it will be gladly given free of charge. Of course all communications are confidential.

THAW CAUGHT NEAR COLEBROOKE, N.H. AFTER UNEXPECTED DEPORTATION

(Continued From Page One)

talk connectedly; he could give no idea of what he purposed to do. After several miles the car swerved north and was back in Canada again. Thaw grinned. "This is familiar," he said. "I was along here coming up."

Does Not Conceal Identity.

Cantin gave his car more fuel, and the car fairly hummed through the town of Canaan, Vermont. Ahead lay the Connecticut river and beyond it, New Hampshire. Three minutes more and Thaw was parading about the public square on West Stewartstown. He wore a checked cap a newspaper man had loaned him to replace the lost straw and made no attempt to conceal his identity. In fact he appeared rather proud to let it be known who he was. Being in New Hampshire, made him breath easy and he entered the hotel and tried to get Montreal on telephone. Everybody within fifty miles was trying to telephone, it seemed and Thaw gave it up as a bad job.

Stops At Farm House.

But he could not hold to this resolve and his inability to telephone anybody seemed to gall him. Less than four miles out of Stewartstown running south and east, he made the chauffeur stop again. The farm house of Mrs. Martha Atherton, whose husband was away cooking for a lumber camp, stood well back from the road. Into the yard Thaw had the chauffeur drive and into the kitchen tramped Thaw. He had noticed a telephone wire running into the kitchen.

Mrs. Atherton was out at the barn but in the kitchen sat her aged step-grandmother, Mrs. Elvira Day.

"I am Harry Thaw," said the stranger.

Mrs. Day apparently had not read the newspaper much of late.

"Is that so?" she commented mildly. "What can I do for you?"

"May I telephone?" said Thaw, taking off his hat for the first time.

"You surely may, sir," the old lady said. "We believe in being neighborly."

Unable to Use Phone.

Thaw went to the telephone and found it useless. He himself, though he apparently did not realize it, was ready for the situation. News of his liberations and wild automobile ride was being flashed over the country. Even then some one was trying to notify William Travers Jerome; others were notifying Sheriff Drew in Colebrook so that he might block the road ways.

Thaw was cooking his own goose. He talked long with the operator urging her to get J. N. Greenwalds, in Montreal, his erstwhile chief counsel. He spent more than 20 minutes in the endeavor, sitting at intervals in a wicker rocking chair, smoking.

Mrs. Atherton came in from the barn.

"This is Mr. Thaw," said Mrs. Day in a matter of fact sort of way.

Thaw rose and bowed. Mrs. Atherton was stupefied. Apparently she had read the papers and she was too overcome to move or speak. Here was Harry K. Thaw, slayer of Stanford White, calmly smoking a cigar in her kitchen. She gazed at him almost caressingly, then offered him a limo-hand.

As Thaw took it, Mrs. Atherton remarked that they were neighborly folks and willing to assist him. Thaw declined the proffered assistance and again stepped to the telephone. Being informed that getting Montreal then was out of the question he called Cantin and ordered him to get ready to move on. Cantin, who had confided to the newspaper men that driving a man somewhere was all right, but driving him nowhere did not appeal to him, asked Thaw: "Where?"

Fugitive Recaptured.

Thaw glared at him and said: "We're going to Enral." They were off in a few minutes. About noon, a quarter of a mile down the road they saw a cloud of dust and under the cloud of dust was a big automobile. Thaw grew canky. Some how even at that distance the car had for him a sinister look. Thaw suggested turning back, but the little car went on. The big car stopped and three men got out and strung themselves across the road. As the little car drew up one of the men ordered Thaw's party to stop at the same time announcing he was the sheriff of Coos county.

Thaw leaned forward and looked in the sheriff's face. In his heart he must have felt relieved; his face showed it. He was a prisoner again and the responsibility of being free and not knowing what to do was lifted. He took the sheriff's hand cordially and with no word of protest or reproach climbed into the sheriff's big machine. Under his arm he bore his cigar.

"Give me a square deal, sheriff," he asked. "They did me dirt in Canada and I hope for better treatment in New Hampshire."

The scene of the arrest was in front of a county school house near Stewartstown. Hollow; the time, 11:58; the distance from Colebrook, 11:58; the distance from Colebrook, 11:58.

No one witnessed the arrest except the sheriff himself. Holman A. Drew, Bernard Jacobs, former secretary, acting as legal advisor.

Canadian chauffeur, the chauffeur of the sheriff's car and the reporter with Thaw. In the school house yard were a few children, but they did not cease their playing.

Retains Colebrook Counsel.

The sheriffs car started almost immediately for Colebrook. No news of Thaw's arrest had preceded him and the town was swept off its feet when Thaw, now thoroughly composed, came down Main street and stopped beside the Colebrook National bank building. Over the bank are the offices of Thomas F. Johnson, one of the town's leading lawyers. Thaw was taken into the offices and immediately retained Johnson as local counsel. Also he retained Merriam Shurtleff, a cousin of a Colebrook lawyer, retained in the Thaw case; George Morris and Ed Oakes. He sought to retain J. N. Drew, a brother of the sheriff, but Drew is in Europe.

After a brief conference with counsel, Thaw was taken to a hotel for dinner. He ate heartily, then was shaved in a Main street barber shop, while a great crowd watched through the windows every stroke of the razor.

The remainder of the afternoon Thaw spent with his lawyers and in telephoning relatives and counsel in New York and in Canada in an attempt to map out a campaign to resist extradition. Tonight he was put in room No. 6 at the Monocadnock House where counsel continued their parleys. Burley H. Kelsea, the Colebrook deputy sheriff who followed Thaw across the border on Tuesday, August 19, and caused his arrest, had charge of him tonight.

Mrs. Thaw Collapsed.

Montreal, Que., Sept. 10.—Mrs. Mary Copley Thaw collapsed when informed that her son had been recaptured. All morning she had been trying to get him on the telephone at the various points he has sailed through and her agitation increased with each succeeding failure.

When news arrived that Thaw was again in the hands of the authorities at Colebrook, N. H., Mrs. Thaw became unconscious and a doctor was hastily summoned. When she recovered consciousness her condition was so grave that a trained nurse was employed to watch her constantly.

JURY SECURED FOR DIGGS AND HAVARD PERJURY TRIAL

Prosecution Will Try to Prove Defendants Asked Girl to Intercede With Marsha Warrington to Color Her Story of Trip to Reno.

San Francisco, Sept. 10.—Twelve men were chosen today to try Maurv I. Diggs, former state architect and Attorney Charles B. Harris of Sacramento, on a charge of subordination of perjury growing out of the white slave case in which Diggs was recently convicted. The taking of testimony will be begun tomorrow.

The prosecution will attempt to prove that Diggs and his attorney, Harris, asked Miss Nellie Burton to intercede with her friend, Marsha Warrington, following the Diggs-Caminetti flight to Reno, with a view to having Miss Warrington so color her story that only Diggs might escape conviction under the Mann act.

AUERBACH ACQUITTED

Hersy, Mich., Sept. 10.—Oscar M. Auerbach, college graduate, and Chicago business man, was late today acquitted of the charge of murdering his former partner, Harry Fisher. The circuit judge instructed the jury to render a verdict of not guilty. It was Auerbach's second trial, the first resulting in his conviction.

SHOWS SHORTAGE OF \$5,000.

St. Louis, Sept. 10.—Former city officials of Venice, Ill., are short about \$5,000, according to the report of a special auditor to the city council. The audit was made at the request of Mayor Lee. Most of the alleged shortage, it is said, was due to the illegal payment of fees to members of the council for attending committee meetings.

SWEET CLOVER BECOMES

VALUABLE FARM CROP

Once Despised Weed Is Now Accounted as Well Worth the Attention of Farmers—Advantages are Explained.

The Prairie Farmer in a recent issue contains a very interesting article on sweet clover, pointing out that it is becoming a valuable farm crop. A gathering of 300 farmers was recently held to discuss the advantages of sweet clover and the article quoted tells of this meeting:

"A few years ago sweet clover was a despised weed that was grudgingly given a place along the roadside, gradually its value came to be appreciated, until on July 29, of this year, more than 300 farmers met on Frank Coverdale's farm in Clinton county, Iowa, for the sweet clover picnic, to learn more about how to raise this 'weed' in their fields.

"There is good reason for this change in public sentiment. One of the most convincing proofs of the economic value of sweet clover was shown in one of Mr. Coverdale's fields, where the corn was three weeks ahead of anything else in the neighborhood, and looked good for 80 bushels to the acre. It was growing on ground that had grown sweet clover the year before. The clover was pastured the early part of the season and later was allowed to grow up and go to seed. It thrashed out 12 bushels of seed to the acre, and Mr. Coverdale sold it for \$12 a bushel. Adding the value of the pasture, the gross return from that field last year was about \$150 per acre. This year the effect of the sweet clover is shown in a corn crop yielding 25 to 30 bushels per acre more than the adjoining fields. No wonder that Coverdale is a sweet clover enthusiast.

Fifteen Years Experience.
"Mr. Coverdale has been growing sweet clover for 15 years. He has been gradually increasing his acreage until this year he has 150 acres of the 'weed' on his 426 acre farm. Some of this has already been cut twice for hay and the third crop is coming on. Other fields have been used at hog and cattle pastures. About 100 acres will be cut for seed. Sweet clover seed is a sure crop. This is perhaps due to the fact that honey bees work on the blossoms readily, and so insure thorough pollination. Mr. Coverdale says his seed yields range from 6 to 12 bushels per acre. To be conservative, he is figuring on an average of 8 this year. At \$12 a bushel that will be \$96 per acre, or nearly \$10,000 from the 100 acres. Remember, too, that much of this land was pastured for several weeks before it was allowed to grow up for seed, and some of it has produced one or two crops of hay.

"That farmers are taking a real interest in sweet clover was shown by the large attendance at the picnic and the interest shown. After the picnic dinner Judge Quorton of Alcona, who is just about as much of a sweet clover enthusiast as Mr. Coverdale, stated that one of the principal advantages of sweet clover is that it will grow anywhere except on a waterlogged soil. He told of growing luxuriant sweet clover on slush taken from the bottom to a 179 foot well. The judge says that there is hardly a month in the year when sweet clover can not be grown successfully. He prefers spring seeding with from one to one and one-half bushels of oats for a nurse crop, using 20 pounds of hulled or 30 pounds of unhulled seed per acre. The hulled seed germinates best. Usually the spring seeding will cut from a ton to a ton and a half of hay the same fall. This first year's cutting is the very best quality of hay, as it is finer and not as woody as that secured the following season.

"Judge Quorton and Mr. Coverdale agree that all kinds of stock will eat sweet clover hay or pasture readily as soon as they get used to it, and none of the farmers present disputed their statement. One of the advantages claimed for it as cattle pasture is that it will not bloat. One of the strongest arguments in favor of sweet clover is that it is a great soil improver. Judge Quorton believes that it gathers more nitrogen than any other legume. It adds much organic matter to the soil. Every other year the entire root system dies, leaving the soil open and full of organic matter. Last year the judge had a yield of 82 bushels of corn per acre on sweet clover ground. This was a piece of ground that he had been trying to bring up with manure, but it was so poor that the building up process was a slow one. It was hastened materially by the use of sweet clover. This is in accordance with the experience of southern Illinois farmers, who make considerable use of sweet clover to supply humus and nitrogen to worn soils.

Substitute For Alfalfa.
"After the meeting I asked Judge Quorton what place, in his opinion, sweet clover is destined to fill in the middle western agriculture. He replied that its principal place will be as a substitute for alfalfa. Where alfalfa can be grown it is a better crop, because it is more palatable, is a perennial, and yields more hay per acre. It does not stand pasturing as well as sweet clover, however, and is more likely to cause bloat. There is hardly a farm anywhere, as the judge pointed out, that can grow alfalfa on every field. Those parts of the place that will not produce alfalfa will grow good sweet clover if the soil is not waterlogged. Being a biennial, sweet clover fits into a rotation more readily than alfalfa. Mr. Coverdale considers this to be one of the most important points in its favor.

"The variety grown by Mr. Coverdale is the white sweet clover (Melilotus alba). He has a little of the yellow variety (Melilotus officinalis), but does not like it very well. The sweet clover he is raising for seed is a specially selected strain that ripens its seed all at one time. Instead of producing seed all the fall, as the ordinary roadside strains do.

"There are many farms in Illinois and Iowa that can profitably grow some sweet clover. Its principal place, as Judge Quorton says, is where alfalfa will not grow. Although it is not so palatable as the other clovers, it makes a very valuable feed. On

soils lacking in humus and nitrogen it is a valuable soil improver. The one important requirement of sweet clover is lime. Where this is lacking in the soil it must be supplied. Inoculation is necessary where sweet clover has not been grown before. phosphorus will increase the yield on old soils. Special care must be taken in selecting seed, as there is much poor seed on the market."

THE MOST BEAUTIFUL THING

An unknown friend of the Journal has contributed the following for publication. It is from the pen of William Allen White of the Emporia (Kan.) Gazette:

"That's some dress you've got on, little girl—it sure is. That delicate, clinging, crinkly stuff is the prettiest cloth on the store counter; that silk Persian sash of many colors so gracefully swathed about the center section of your anatomy would knock the spots off Joseph's coat. You are corseted and tailored according to the most extreme model in the advance August fashion books.

But your neck is too low and your sleeves are too short, and your skirt is far and away tighter than skirts ever were meant to be. And that graceful little exposing your dainty left ankle shows a stocking above your pump that is almost transparent enough to read through. And you haven't any more petticoat than a rabbit—you know you haven't.

"Oh, you're some swell, you are. Have you noticed how the loafers around the grove rubber at you as you trip demurely by on your way to the uplift lectures? And have you been thinking, little foolish one, that they were rubbering out of pure admiration? Ask your brother about it. If he's got any sense he'll tell you some things that will be hard on your vanity and good for your soul. And if you've got any sense you'll take his word for it you'll lay that dress away and don something that's wide enough around the bottom to allow room for two petticoats and one pair of legs.

For there never was a dress designed, little girl, that is half as beautiful as a young girl's modesty.

ECHOES FROM ALEXANDER

Alexander Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: Is this medicine equally successful in our neighboring towns? The generous statement of this Alexander resident leaves no room for doubt on this point.

John William Aulbaugh, farmer, Alexander, Ill., says: "About two years ago I took several boxes of Doan's Kidney Pills and will say that they did me more good than all the doctors I had tried. I have been bothered very little with my back since I used Doan's Kidney Pills."

The above is not an isolated case. Mr. Aulbaugh is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Aulbaugh had. 50c all store. Foster-Milburn Co. TO BE WORLD'S BIGGEST HOTEL.

New York, Sept. 10.—Title to the large plot extending along the east side of Broadway between Forty-fifth and Forty-sixth streets changed hands today. The greater part of the tract is now occupied by the New York and Chicago theatres and has been owned by a syndicate of which Klav & Branger have been the largest stockholders. The new owner is the Century Hotel company, which purposes to erect a 24-story hotel on the site. The hotel is designed to be the largest in the world, containing 1,500 guest rooms. It will represent an investment of \$12,500,000. If the plans of the promoters do not miscarry the hotel will be completed and ready for opening within fifteen months.

MOTHER OF EIGHTEEN CHILDREN.

"I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers. (Adv.)

NEW ORLEANS GETS SECOND GERMAN LINE.

New Orleans, Sept. 10.—Ten thousand square feet of wharf space was allotted today to the North German Lloyd Steamship company by the dock board. Heretofore the Hamburg-American line has been the only German line into New Orleans. The entrance of the North German Lloyd is said to be the forerunner of a big rate war between the two German companies. New Orleans will benefit from the new line in that it will provide additional shipping facilities and will bring more immigrants to this port.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Minn., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.—Adv.

CONCORD.

The children and wife of James A. Smith planned a surprise for him at his home here for his birthday Saturday evening, the self invited guests bringing dainty refreshments of ice cream and cake with them. Those present were Harry Ogle and family, who came first in their Interstate of east of Concord, Austin Smith and Lee Fisher, Elmer Smith and family of east of Concord, Astin Smith and family, with whom they reside, Rev. Mr. Reed, wife and daughter, Miss Grace, and Mrs. Caldwell and son, Clark. Mr. Smith was quite gratified for the honor bestowed on him by his devoted wife and family and expressed his appreciation of the same on this occasion and felt especially thankful for the many years (44) of married life without a death in the family. The only thing to mar this happy occasion was the absence of the younger daughter, Mrs. Ed Farmer, of Prentice, who failed to arrive.

John Rexroat was sick last week, but is able to be out again.

James Finch of Brighton visited his father and mother last week.

Mr. and Mrs. James Crouse of Jacksonville and niece, Miss Ferguson, of Jerseyville visited Mr. and Mrs. Roy Crouse last week.

Mrs. Thomas Murphy and daughter, Bernice, spent Thursday afternoon in Jacksonville.

The sad accident at Arenzville Friday cast a gloom over this community.

The W. F. M. S. of the M. E. church were indebted to John Kershaw for a delightful ride despite the dust, to his lovely suburban home and also to Mrs. Kershaw for the gracious hospitality and delicious refreshments so bountifully supplied.

Mrs. James Harper of Bayliss visited her mother, Mrs. Smith, and brother, Louis, last week.

Word comes of the advent of a son to Mr. and Mrs. John Boyd of Waverly. Mrs. Smith is great, great grandmother and a very sorry one she is. She can now claim five generations, an honor not many live to see.

Lloyd Smith's many friends will be glad to hear he is enjoying himself very much in the east.

Mrs. Al. Stout of Chapin visited at Austin Smith's last Wednesday.

We are in receipt of greetings from Mrs. Mary Hamm, who is visiting her son, Charles, at Whitney, Nebraska.

Mrs. William Decker of North Prairie is critically ill in a hospital in Jacksonville.

Mrs. Cass Blinding and Misses Thekla Webster and Ona Blinding went on the excursion to Kansas City and returned last week.

Thomas Titus accompanied his cattle to Chicago Tuesday.

Miss Cecil Behler is visiting in Abingdon.

Miss Abbie Hayden, one of Jacksonville's able high school instructors, visited her sister, Mrs. George Deitrich, and family last week.

Miss Carrie Deitrich, also entertained lady friends last week at her beautiful suburban home.

BRITISH SCIENTISTS MEET.

Birmingham, Eng., Sept. 10.—The British Association for the Advancement of Science opened its annual meeting here today with more than 2,000 scientists in attendance. Sir Oliver Lodge, the famous scientist and educator, inaugurated himself into the presidency and delivered the presidential address. Sir Oliver's address had been anticipated with keen interest ever since announcement was made that it would deal with the subject of the sequel to life. In some quarters it had been forecasted that the address would contain startling new evidence of survival after death as essential to science. All predictions of this character proved erroneous. The famous scientist, who is probably the world's foremost leader in the field of physical research, presented no new evidence in support of the theory of survival after death. The address was confined almost wholly to a discussion of the continuity of the physical universe and its laws.

MOTHERS! THE CHILD IS COSTIVE, BILIOUS

Don't Hesitate! a Laxative is Necessary if Tongue is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother; see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of his little bowels without gripping, and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup company." Don't be fooled! (Adv.)

On account of the long continued drought many wells have gone dry, while others seem to have plenty of water.

Mrs. M. H. Lamb, Mrs. W. Woodard, Mrs. E. E. Blair, Elder C. D. Hougham and wife, Mrs. J. F. Burnham and Mrs. W. N. Bobbitt were among those from Chapin who attended the Illinois Christian Missionary convention in Jacksonville Tuesday.

Harold Woodard left Tuesday noon for Glasco, Montana, for the purpose of filing application for homesteading 160 acres in the Indian reservation just opened for settlement.

The Christian church will begin a series of evangelistic meetings about October 1st, conducted by Rochester Irwin and wife of Evansville, Ind.

Miss Edna Hutchins, who is teaching school near Franklin, was home over Sunday.

The Bethel school opened Monday, with Mrs. Ellen Coultas as teacher.

Resolutions.

Chapin, Ill., Sept. 4, 1913.
At the regular meeting of the "Gleaner class" of the Chapin Christian church, held with Neta Taylor, Sept. 1, 1913, it was ordered that suitable resolutions of respect be drafted on the death of Sister Frances Markham, who was a member at the time of her death. The following resolution was adopted:

Whereas, it has pleased the All-wise ruler of the universe to remove from our midst by death our co-worker Sister Frances Markham, on Aug. 20, 1913; therefore, be it resolved that we deeply mourn her death and removal from this class, for she always for us, her ready help in good work and works, a life of worth and integrity, always having the good of others in mind and heart. We shall miss her.

Resolved, That we express our feeble but sincere sympathy to her father, mother, sisters and brothers in this their hour of bereavement, and commend them to Him who will protect them and keep them. Their loss is France's gain.

Resolved, That a copy of these resolutions be sent to the family of our departed sister, a copy each to the Jacksonville papers, and a copy be spread upon the minute book of the "Gleaner Class."

Respectfully submitted,
Mrs. Hougham, Louise Eller, Stella Smith.

NEW HEAD OF CLARK COLLEGE.

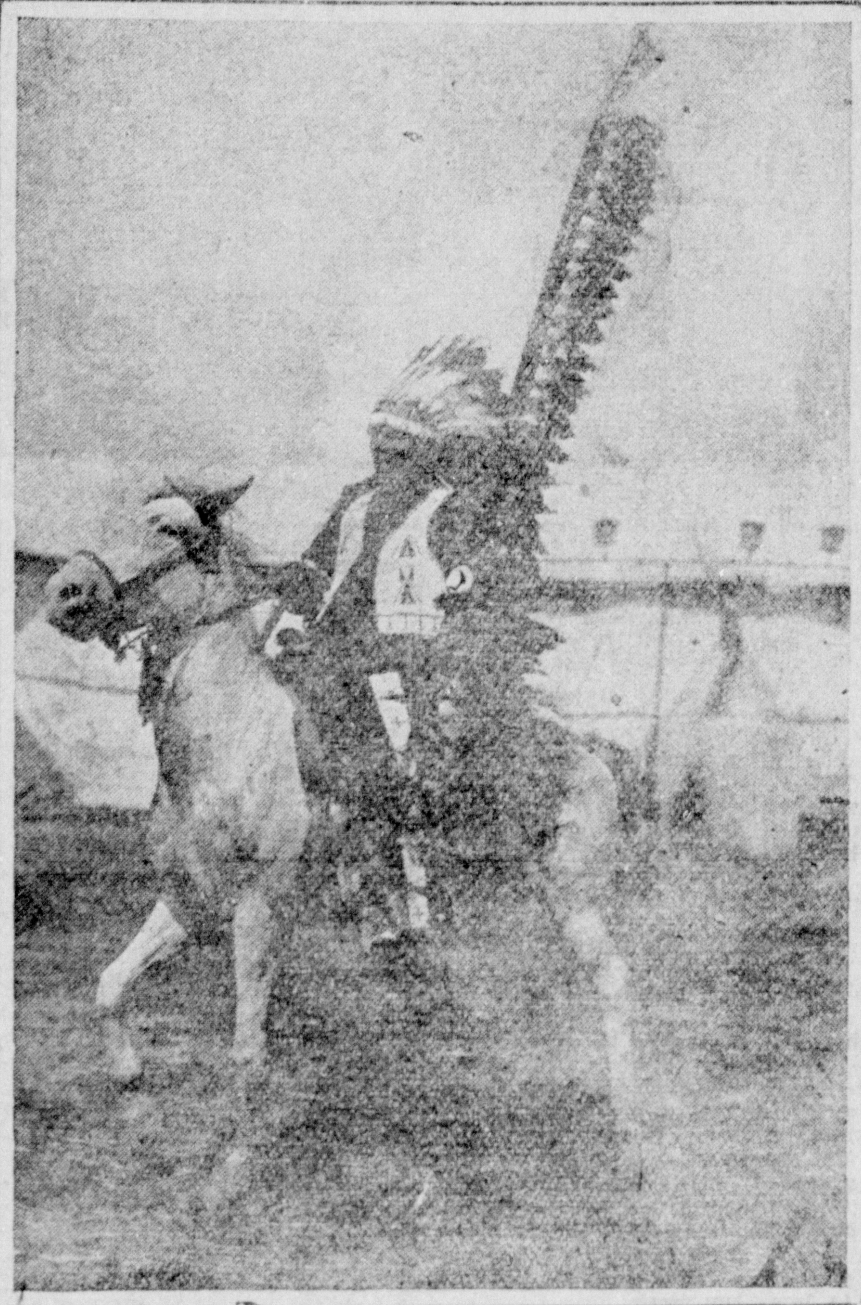

Toledo, Iowa, Sept. 10.—In the presence of a notable gathering of clergymen and educators of the United Brethren church Dr. Marion R. Drury was installed as president of Leander Clark college today, succeeding Franklin E. Brooks. The new president is 64 years old and a native of Indiana. He was ordained in the United Brethren ministry in 1875 and has since occupied pulpits in numerous cities and towns of Ohio, Iowa and California. For the past three years he has held the presidency of Philomath college, in Oregon.

IRON TAIL OLD SIOUX

CHIEF WITH 101 SHOWS

Indian Whose Profile Is on the New Five Cent Pieces Coming to Jacksonville.

When Iron Tail, the old Sioux Chief whose profile adorns the much discussed new five-cent piece, joined the 101 Ranch Wild West show, which exhibits in Jacksonville next Tuesday, September 16, he brought a problem to the management that has created more or less trouble ever since. Despite the fact that the old chief fought as a young man in the Custer battle and his subsequent career prior to becoming reconciled to the white man embraced many sanguinary conflicts with the settlers in the northwest, he is

IRON TAIL.

The Famous 101 Ranch Sioux Chief Whose Profile is on the New Nickel.

singularly childlike and the fact that his profile was selected for the nickel was as gratifying to him as a doll is to a white baby. One of his conditions, in consenting to travel with the show was that a portion of his weekly stipend should be paid in the new nickels. To the treasurer of the show this seemed a simple matter, and for a week or two after the beginning of the season the contract was faithfully carried out. Then came a scarcity of the nickels; it was found impossible to secure them except in limited numbers, and the nickel payments had to be reduced. As a result the old chief became greatly discontented and threatened to return to the Standing Rock reservation, where his tribe is located. It required considerable persuasion on the part of the management, assisted by the Indian interpreter, who is a full-blooded Ogallala Sioux, to induce him to remain. One of the inducements offered was that he should appear as the principal figure in a Wild West motion picture next fall, after the close of the 101 Ranch tour.

This fact, in itself, is interesting, because until very recently, the Indians were much opposed to being photographed. The Wild West and the "picture pictures" have broken down this prejudice. On the 101 Ranch at Bliss, Okla., the Miller Brothers have a picture plant, and it was there that the 119 Bison pictures originated. Many of the Indians with the show have appeared in these pictures.

OUR EVENING SCHOOL

OPENS MONDAY SEPT. 29th

Eight Hours for Sleep

Ten hours for work and that leaves six hours, out of which you ought to be willing to give up an hour or two each evening; if the use of that time will make your work easier, pleasanter and more profitable. That is what it has done for hundreds of others. Why not you? Some will say "Tomorrow." Others will reach for the 'phone and ask us to tell them about it.

A Better Position Offered You

Would you take it? Would you do some work outside of your regular hours to prepare for it? That is the actual condition today. We have more calls for trained help than we can fill, so that you take no chance if you thoroughly prepare. Let us tell you what a great many have done with their extra evenings. Evening appointments if desired.

Each "Pape's Diapiesin" Digests 3,000 Grains Food, Ending All Stomach Misery in Five Minutes.

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

UNION PACIFIC INFLUENCES LIST

IS CHIEF AGENT OF SPECULA-
TIVE ACTIVITY ON THE LONG
SIDE.

Stock Makes Rise of Four Points and
Is Caused by Reports That Cash
Bonus Would Be Distributed to U.
P. Stock-Holders—Movement In-
fluences Rest of List.

(By Associated Press)
New York, Sept. 10.—Stocks moved
upward today, with Union Pacific
in the forefront. It was largely
around this that the steadier market
revolved. Although several influ-
ences contributed to the strength of
the list, for a time approached the
speculative activity on the long side.
The rise in stock of four points, al-
though equalled by some of the minor
issues, was much in excess of the
gain achieved by the other active
shares. It was the direct outcome of
reports that a cash bonus would be
distributed to Union Pacific stock-
holders.

The movement in Union Pacific in-
fluenced the rest of the list, which
turned strong after an irregular
opening. Bullish operations were
facilitated by the fact that the pass-
age by the senate of the tariff bill
and publication of the government
crop report yesterday virtually put
an end to the uncertainty regard-
ing these factors.

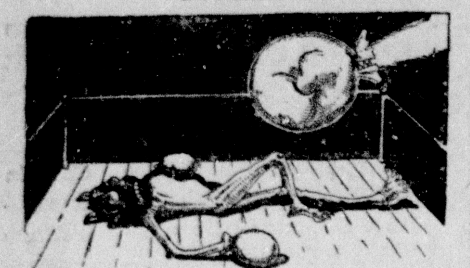

The decrease of 175,000 tons re-
ported in the monthly statement of
United States Steel while showing
another falling off, was interpreted
as a development at least negatively
for a considerably larger shrinkage
has been predicted.

How to Heal a Stubborn Abscess

A Home Method Sure to Restore Flesh to Natural Health.

Do not cover any external sore so as to interfere with perspiration and the formation of protective scabs. Keep it clean and bandaged. If it is a stubborn case, flush your blood with S.S.S. This famous blood purifier works wonders. And you can easily give your blood a good, thorough cleansing by using S.S.S. There is no need for anyone to be despondent over the illness of blood impurities. No matter how badly they attack the system or how unsightly becomes the skin, just remember there is one ingredient in S.S.S. that so stimulates the cellular tissues throughout the body that such selections its own essential nutriment from the blood.

This means that all decay, all breaking down of the tissues, is checked and repair work begins. S.S.S. has such a specific influence on all local cells to preserve their mutual welfare and afford a proper relative assistance to each other. More attention is being given to constructive medicine than ever before, and S.S.S. is the highest achievement in this line.

Do not fail to get a bottle of S.S.S. today. You will be astonished at the results. If your abscess is of such a nature that you would like to consult a specialist, write to the Medical Dept., The Swift Specific Co., 187 Swift Laboratory, Atlanta, Ga.

A BUSY ESTABLISHMENT.

Illinois Steel Bridge Co., Turns Out Large Amount of Work.

The Illinois Steel Bridge company presents a busy aspect and it is gratifying to know that it has been supplied with orders which have taxed its full capacity for the greater part of the year and at present there are on hand orders which will require four months for their completion. The company sends work as far as California, New Mexico, Arizona, Minnesota, Wisconsin and many other distant parts as well as near home.

Its principal work is bridges though it has supplied the steel for a large building in Hutchinson, Kansas and similar work elsewhere. A much needed new office is in course of construction and will be ready for occupation in a short time and it will be a great blessing to the administrative force as they have had to shift about in old buildings for a good while.

A new machine is a wonder. It is a friction saw and goes through an iron beam almost as fast as a power saw goes through a stick of timber. Heretofore by the old way they had to keep sawing day and night to keep up and now the machine runs just a short time each day. It is a circular disc of metal and no harder than the metal it cuts out.

so rapidly that it actually burns its way through the iron before it.

The company has a fine plant and admirably adapted to the work and employs a good force of men and the Journal would like to see many more like it in the city.

BIRTH RECORD.

Mr. and Mrs. J. V. Bixby of 215 West College avenue rejoice over the birth of a daughter at Our Savior's hospital.

ILLINOIS STATE NEWS.

Becomes Pastor in Quincy—The Rev. Frank A. Hertzler, who has been the pastor of the German M. E. church of Springfield has been removed to the First German M. E. church at Quincy by the St. Louis conference of the church, which has just closed its sessions at Muscatine, Ia. The Rev. F. Neumeyer of West Burlington, Ia., will succeed the Rev. Mr. Hertzler as pastor of the Springfield church.

Will Not Establish New Lodge—A new Masonic lodge will not be instituted in Decatur. The plan to organize a third lodge which has been under way for several weeks has met with defeat. The formation of a new Masonic lodge requires the consent of the three nearest lodges. The three nearest lodges in this case are Macon No. 8 and Ionic No. 312 of Decatur and the lodge at Harritstown. Two of these lodges voted against the proposition.

Elgin's Lighting System Obsolete—Elgin's present street lighting system is branded as "obsolete and thoroughly inadequate," some of its overhead wiring as "dangerous in many places," and the cost of installing a modern and adequate plant is fixed at \$162,033.90 in the experts report made public.

Child Injured by Unknown Autoist—Julia Blair of Freeport, a negro girl about eight years of age, was run over by an automobile or buggy recently and badly injured. No one saw the accident and the child is too badly injured to tell what ran over her. Who ever it was did not stop to see whether the child was injured or not. The little one's chest was badly crushed, nearly all the ribs being fractured. It is doubtful if the child can recover.

May Move Wooden Headquarters—The action of the Livingston county Board of Review in assessing the M. W. A. surplus may cause removal of the headquarters to Indianapolis. The Board of Review assessed the Woodmen a full valuation of \$2,800,185 on its surplus of about \$9,000,000 held by head banker David S. Myers of Pontiac. The assessment is levied in the city of Pontiac. The head officers of the Woodmen have intimated that they will carry the matter of assessment to the supreme court. It is stated that the assessment if carried out would mean an additional tax of about \$6.00 a year on each member in Illinois as the by-laws provide that wherever a tax is levied by a state the membership in that state shall pay the addition.

Watching For Power From Keokuk—The East St. Louis & Suburban Railway is anxiously waiting for the time when electric power from Keokuk will be delivered to East St. Louis and vicinity. The East St. Louis power plant is being overtaxed daily and the officials of the company are anxious to have the Keokuk power delivered as soon as possible.

Sangamon County Mothers Pension Fund—In the tax levy for the year to be made by the Sangamon county board of supervisors now in session, a levy of 1-15 of a mill will be extended on the county tax books to raise money under the mother's pension law to be distributed through the county court for the relief of destitute families. The levy will secure approximately \$4,000 for this purpose.

ILLINOIS WOMAN'S COLLEGE makes a specialty of training young women in all branches of work in which they are interested. Why not attend a school that directs all its energy for your highest development? Catalogues may be had at the book stores or music stores. For further information along any line of work in which you are interested, call up Main office, Illinois phone 415 or 102 Bell phone. Standard work offered in the Academy for students wishing preparatory work, regular College Course leading to the Bachelor's Degree. Visitors always welcome. Let us help you plan your work.

ORGANIZED SUNDAY SCHOOL. A good Union Sunday school was organized last Sunday in the old Akers school house west of Manchester by J. R. Hastings, local missionary of the American Sunday School Union. It has been ten years since a Sunday school or religious service of any kind were maintained at this point and the people warmly welcome this new work.

A little girl nine years old told Mr. Hastings that last Sunday at the school house was the first time she had ever attended a religious service in her life. Quite a number of bibles and testaments were given to children belonging to needy homes.

GOOD ROADS MEETING. Tuesday night at the Burrus school house in the vicinity of Meredosia there was a well attended good roads meeting in the interest of a better highway between this place and Meredosia. The meeting was addressed by Messrs. Charles Drake, Charles S. French, William Cleary and A. L. French and much interest in the subject was manifested.

ILLINOIS WOMAN'S COLLEGE College of Music. Offers unusual facilities for thorough work in all branches of music. Students studying at Illinois Woman's College have free admission to entertainments in the Artist's Course. Music catalogues may be had at book stores and at music stores. Arrange now for your courses of study. Call at Illinois Woman's College or the Main office, Illinois phone 415 or 102 Bell phone. Visitors always welcome.

WILL TEACH IN SOUTH. Miss Clara Catharine Moore left Wednesday morning for Searcy, Ark., where she will teach violin the coming winter. The school is Gallop college, a flourishing institution under control of the Methodist denomination.

MARKET LETTERS.

Chicago Live Stock Market.

Chicago, Sept. 8.—Oliver S. Green, with Walter Bros., Union Stock Yards, Chicago, Ill., reports the estimated receipts for Monday, Sept. 8th, to be: Cattle—24,000. Hogs—37,000. Sheep—33,000.

Although the receipts of cattle were large and more liberal than for some weeks as compared with the runs in Kansas City, the big quota for receipts were of the common kinds. Good to choice cattle steady with last week's close, but there was a small portion of the choice lots on hand and very few sales above \$8.75. Common and medium to pretty good stuff were weak to 10c lower. There was a liberal supply of the dry weather stuff from Kansas and Missouri. Killers took some of this class at \$6.60 to \$6.85.

About 2,000 head of the supply today was western ranchers, which sold at about steady prices. A string of the Pioneer Montana natives went at \$7.25 and the Pioneer Texas at \$6.90, while the Star Brothers' steers brought \$7.25 and the heifers \$7.00. There was nothing here as good as the \$8.10 ones from the range last week. Mixed cows and heifers sold up to 7c. Cattle stock of the good kind and fat sold strong to higher, but the common and medium kinds are still 25 to 40c lower than one week ago today. The early market is strong to higher. Calves weak to 25c lower. A liberal crop of feeders and a large supply of light stockers here and that kind sold 10 to 15c lower. While one or two odd yearlings reached \$9.25, the top of the market today for good weight cattle was \$9.10 and they averaged 468. Some other yearlings \$8.85 to \$9.00, with medium weight steers in a few cases \$9.00 to \$9.10.

The bulk of the handy and strong weight steers sold at \$8.35 to \$8.65 and they were generally on a basis of 15 to 20c lower than one week ago today. Although some stuff was 20 to 25c lower, with a range from \$8.00 to \$8.20, it was the medium to pretty good kinds; medium weights with some plain heavies \$7.60 to \$7.90, with all trading done in grass and short feeds.

We quote good to prime yearlings, \$8.35 to \$9.25; good to prime and heavy heaves, \$8.65 to \$9.10; common to fair yearlings, \$7.60 to \$8.20; good to choice corn fed, \$8.30 to \$8.60; medium to good steers, \$8.00 to \$8.25; common to medium warmed ups, \$7.75 to \$8.00; common to plain steers, \$8.00 to \$8.25; inferior to rough grass steers, \$6.75 to \$7.50; fat cows, \$4.75 to \$7.35; heifers, canners and cutters, \$3.25 to \$4.70; \$5.35 to \$8.10; bulls, \$4.25 to \$7.50; \$3.00 to \$11.00; choice to prime plain heavy calves to good vealers, \$11.25 to \$11.75; inferior

stockers to mixed feeders, \$5.50 to \$7.00; selected 800 to 1,000 pound feeders, \$7.25 to \$7.70, with prime selected quotable as high as \$7.70 to \$7.90.

Early the hog supply was called 45,000 and the market looked a shade lower. Later the supply was cut to 37,000 and a short run at all the other leading markets caused an advance of 5 to 15c. The trade was active on light grades, but slow on packers. Prime lights reached \$9.40 and higher than at any other time since July 30th. Mixed packers \$7.70 to \$8.25; medium and butchers, \$8.30 to \$8.65; fair to good heavy packers and shippers, \$8.05 to \$9.40; light weights, \$8.50 to \$9.25; pigs and throwouts, \$1.50 to \$1.90.

There was little change in the sheep market from the prevailing prices at last week's close. Yearlings are scarce and sales of the fat class were of little consequence. The demand for feeding stock was in excess of the number suitable for that purpose. Montana wethers sold at \$4.60 and several bands at \$4.55. Montana ewes were not choice and were late finding an outlet. Feeding yearlings, \$5.50 to \$5.65; top lambs, \$7.60, with a range of \$7.00 to \$7.60 one week ago.

AUTOMOBILE WAS AID TO MARRIAGE

YOUNG PEOPLE SPIRITED AWAY
TO 'SQUIRE'S HOME.

Miss Edna Arthur Steals From Home Under Moonlight Cover and Meets Lover in Touring Car—Clever Ruse is Worked on Bride's Mother.

Escaping from her home under the cover of moonlight aided by her lover, who had a big touring car nearby, Miss Edna Arthur, whose attempted elopement and marriage Tuesday to this city with Reuben Noe proved a failure on account of the mother's interception, sped away last night to the residence of O. G. Dinwiddie, Justice of the Peace of Arcadia where they were happily wedded, at 8:30.

When young Noe awakened Wednesday morning, he found a number of sympathizing friends who proffered their aid in bringing a happy culmination to his elopement difficulties. After several attempts Mr. Noe succeeded in getting Miss Arthur over the phone and he told her to be ready at 8 o'clock. When the hour came a large touring car sped by the home of the bride's mother, Mrs. Samuel Crowther. Following close at hand was a second car and still a third. The third car filled with young people drove upon in front of their residence and called for Mrs. Crowther. She asked the object of their visit and she was told that they saw a marriage license in the paper and came out to chivari the newlyweds. They were informed that there had been no marriage, that she would not give her consent and that their visit was fruitless. She also told them, furthermore, that there would be no marriage.

While this spirited conversation was going on Noe had alighted from the first car which had the lights out and made his way to the rear of the Crowther home, where his sweetheart recognized his foot-steps. By the light of the moon the two made their way through the orchard and were soon seated in the automobile, speeding away to the home of the justice. The other guests, after debating the marriage question with the mother, soon left and when they arrived at the home of O. G. Dinwiddie a company of young people from that neighborhood, numbering almost half a hundred, and assembled there to witness the marriage. The ceremony was delayed a few moments until the bride could dress in her new gown which her husband had bought in Jacksonville the day of the elopement and taken home with him. Squire Dinwiddie, perhaps never performed a happier marriage and the congratulations extended the young folks was indeed sincere.

Noe had a conversation with his soon-to-be mother-in-law Wednesday morning and she informed him that it was useless for him to try any longer to secure her daughter and she forbade him to call again at the house. In her efforts to carry out her plans, Mrs. Crowther had hid most of the daughter's clothing and she was closely watched Tuesday night and all day yesterday. More liberty was given here last night and it was this which enabled the girl to make her get-away. The wedding dress, which the groom had purchased came in good play. Noe had come to Jacksonville yesterday to consult with some attorneys relative to his case and he found that there was nothing in the way to prevent him marrying the girl, although the mother objected and had told she was not of age.

After the marriage, Mr. and Mrs. Noe were driven to the home of William James, near Arcadia, where he is employed. They expect to make their home there for awhile. Their attempted elopement and final marriage created considerable interest among the young people of that community and if the plans had been more widely known, Squire Dinwiddie's home would not have been large enough to hold the company.

TARIFF BILL GOES BEFORE CONFERENCE COMMITTEE TODAY

Underwood and Simmons Express Opinion That There Would Be No Difficulty in Reaching an Agreement.

Washington, Sept. 10.—With leaders of both houses confident that it will be back for final enactment within a few days, the Democratic tariff bill as passed by the house and amended by the senate, goes to a conference committee tomorrow. The senate conferees already have been named and those from the house will be appointed to meet as soon as the majority can put through a special rule to shut off Republican debate.

Representative Underwood today asked unanimous consent to send the measure to conference, but he was blocked by Republican Leader Mann who objected to the rejection of the senate's 676 amendments in bulk without debate.

Senator Simmons said tonight the conferees would hold their first meeting tomorrow night. Both he and Mr. Underwood expressed the opinion that there would be no serious difficulty about reaching an agreement.

AUGUST FIRE LOSS IN ILLINOIS TOTALS OVER A MILLION DOLLARS

Amount of Damage to Buildings in the 173 Fires Fully Covered By Insurance—Twenty-two Were of Incendiary Origin.

Springfield, Ill., Sept. 10.—The total damage to buildings and contents of 173 fires in Illinois during the month of August was \$1,124,144, fully covered by insurance by the report of the state fire marshal issued yesterday. Of the total number of fires 212 were in Chicago.

Outside of Chicago there was a close race between dwellings and barns to see which should finish the greatest number of fires, 180 of the former and 173 of the latter being either destroyed or damaged by fire during the month. Outside of Chicago lightning caused 145 fires. Twenty-two fires were of known incendiary origin.

RECEPTION FOR REV. R. F. THRAPP.

Will Be Held at Christian Church Friday Evening.

Rev. Russell F. Thropp, a former pastor of Central Christian church, is expected in the city today and probably will take part in the closing exercises of the Illinois Christian Missionary society convention. The members of the church will give a reception in honor of their former pastor Friday evening from 6:45 till 7:45. It is also expected that he will preach at the union revival tent on Friday evening.

Rev. Mr. Thropp has been meeting with much success in his work in Los Angeles and is accounted one of the strong pastors of that big city. His many years of labor here won him many close friends and hundreds will be glad to welcome him back. The reception to be given him at the Central Christian church is not only for members of that church, but all who are desirous of meeting him again.

66 TUITION PUPILS AT HIGH SCHOOL.

Pupils Must Have Directors Sign Application Blanks by Monday.

Sixty-six tuition pupils have registered at the high school and it is expected ten more will be enrolled. Supt. Gore sent out blanks for the rectors to sign and Monday is set as the time limit for them to do so. As has been stated before the directors in some instances have refused to sign the application, believing the new law to be unconstitutional. It is understood that students from the districts where the directors fail to sign will have to pay the tuition or make provisions for the same after Monday. There are 10,000 districts in the state of Illinois and it is certain out of that large number that some test case will come before the courts soon to settle the matter.

IN INTEREST OF GOOD ROADS.
A trip was made to Springfield Wednesday by the county commissioners, W. F. Roegge, J. C. McPherson and Robert R. Coultas and C. A. Boruff, in O. M. Petefish's automobile. The object of the visit was to obtain further knowledge of the road to be built from Jacksonville to Springfield. Little was gained from the visit as the State Highway commissioners had only been recently appointed and it is thought that another visit will be made later on. McLean is one of the counties of the state which will not use the apportionment or the legislature for the use of hard roads. If any county does not take action on the matter by the first of January, a new apportionment is to be made of the state. This will mean that some of the counties will receive a few dollars more help.

"Years of Experience Have Proven to Me
That the MAJESTIC Range IS the Best

"Strange, that for years, I couldn't see that trying to get good work from an old, worn-out range, merely to save the price of a new one, was not true economy. My Great Majestic has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn twice as much fuel as necessary.
"Talk about luck in baking—"Luck" is nothing but good oven and my Majestic oven is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with my Majestic.

Don't Buy Any Range Sight Unseen

Buying a range isn't an every day transaction. To be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the Great Majestic (dealer in nearly every county in 40 states) compare it point for point with any other range. Then you can buy intelligently and be sure of a range that will last a lifetime—the

CAR SCHEDULE TO BE EXTENDED IN FRANCHISE

Council Agrees With Supt. Miser on Main Points of Proposed Ordinance—\$1.00 Gas Is Demanded.

The members of the city council spent practically all of Wednesday in conference with W. B. Miser, general superintendent of the Jacksonville Street Railway & Light Co., in considering franchise matters. The street railway franchise drawn by City Attorney Thompson was read, a section at a time and a practical agreement was reached on most of the sections.

In the original franchise City Attorney Thompson had provided for the payment of two percent on the gross earnings of the company for the first ten years and four percent for the next ten years. The mayor and commissioners were willing to hold this matter in abeyance until an agreement is reached on the price of gas. They want \$1 gas and Mr. Miser says that price is too low.

Cars To Run Later.
When the car schedule was discussed it was agreed that the company will start cars early enough each morning to carry passengers for the six o'clock Alton train and that a fare of ten cents can be charged on these cars which will be run on all the lines. The service can be discontinued if after a trial it does not pay. The car schedule also provides that cars will run in each direction from the square until 11 o'clock each night, fifteen minutes later than is now the rule. On Sundays the last car will be at 10:45 o'clock.

Some of the points covered by the franchise are as follows:

The city shall have the right and privilege to place and string their municipal wires upon the poles of the company. Poles now located shall be painted within 60 days and new iron poles shall be erected to replace the wooden ones now used.

All cars shall be provided with gongs of sufficient size to give warning of the approach of a car for a distance of at least 100 feet. Each car shall be distinctly numbered inside and out and lettered to indicate the route over which it is being operated. The labels must be illuminated so that they can be read at night at a distance of not less than 75 feet. Cars must be operated on a schedule of 15 minutes.

Sunday Provisions.
The company can transport material appliances and equipment as needed for construction etc., but such transportation must not interfere with the carriage of passengers.

The company is authorized to cross at grade any and all existing or future lines over railroad or railroad tracks.

The right to grant the privilege of using the tracks of the Jacksonville Street Railway to any interurban railway company for the purpose of entering the city and operating to a point not less than 10 miles distant from the city is reserved; provided that the said Jacksonville Railway Company shall enter into a reasonable contract with such company.

The company shall maintain a first class street railway system with reasonable and proper extensions; shall furnish first class modern cars; and they shall be kept comfortable and well lighted.

The company shall sell six tickets for 25c. Children under six years shall be carried free when accompanied with one regular passenger; books containing 40 tickets valid within 60 days, shall be sold at the company's office for \$1.00 good for use of school children under the age of 18 and to be used between the hours of 7:30 a. m. and 4:30 p. m. Books of 100 adult tickets will be sold for \$4.00 at the company's office.

Provision is made also for the city to have the right of purchasing the Street Railway property at the expiration of the franchise. The Gas Franchise.

The gas franchise as prepared by City Attorney Thompson is a document of twenty eight sections and is necessarily voluminous because of the important matters it covers. It provides for \$1 gas; for the inspection of meters; for the quality and pressure of gas; for inspection of the company's books; for the extension of mains where needed; the right to purchase the plant at the expiration of the franchise.

The council was about half through the reading of the gas franchise yesterday when an adjournment of the conference was taken to this morning.

AT THE GRAND.

The comedies being staged this week at the Grand by the Kelley-Schuster people are proving so attractive that last night Manager Hunt sent the curtain up at 7 o'clock. By 6:30 the people began to arrive and as the house was filled by 7 o'clock the show started. At 8:15 another performance was given and again the standing room only sign was posted. "A Royal Visitor" was the bill last night and Nicholas Shuster, Herman Weber and other members of the cast appeared to great advantage. The music and lines were both well received last night.

FIRE DESTROYS BARN ON CROUSE FARM NEAR MURRAYVILLE

Building Contained Quantity of Hay, Oats and Corn—Ice House and Crib Also Burns.

A fire, of unknown origin, completely destroyed the barn on the farm of Mrs. Mary E. Crouse, located three miles southeast of Murrayville Wednesday afternoon at 3:30 o'clock, also a corn crib and ice house located nearby.

The fire was first discovered by Earl Sooy, who gave an alarm to the neighbors. Mrs. Crouse's son, Dean J. Crouse, resides on the farm and the family had gone to Lowder to attend a public sale. The flames had gained such headway that little could be done to save the building. The barn contained fifty bushels of seed wheat, a large quantity of sheaf oats and hay. The corn crib contained 200 bushels of corn and it is estimated that the entire loss will be between \$2,000 and \$3,000 dollars. The building was partially covered by insurance. The family is at a loss to know how the fire started.
